OUR MISSION

To build affordable homes for hardworking families, while also offering support to seniors and veterans by providing free home repairs and ADA assistance in our community.

OUR VISION

Is to create a community where everyone has access to safe and affordable housing, regardless of their income, age, or background. We strive to build a future where hardworking families can achieve their dream of homeownership, seniors can age in place with dignity, and veterans can receive the support they need to thrive. Through our commitment to building high-quality homes and providing essential repairs and assistance, we aim to create a stronger, more sustainable community for all.
